

Cookies Policy

The company under the name "CHROSTIKI S.A. Industrial Chemical Products Company", with the trade name "CHROSTIKI S.A." (hereinafter referred to as the "Company"), is committed to protecting your personal data concerning the processing that takes place through its website, "https://www.chrostiki.com/gr". For this reason, our website collects only the necessary information for its proper functioning while ensuring a high-level browsing experience.

Cookies, by definition, cannot search for or process your data, nor can they scan your device. However, they store personal information about your browsing history on websites or your preferences. For this reason, we want to inform you about the use of cookies on our website and assure you that we strive to make their use as secure as possible, ensuring the least possible intrusion into your privacy.

▪ How and why we use Cookies

Our website uses cookies to enhance the user experience. Some of the cookies we use allow you to choose how you access our website and help us save your preferences for your next visit. The text you are reading explains in simple terms what cookies are, which cookies we use, how we use them, and how you can manage them.

By browsing this website and clicking the "Accept" button, you consent to the use of all cookies utilized by this site. However, you can choose not to allow cookies to be installed on your device by adjusting your preferences accordingly. You can modify the settings of your device or browser used for internet navigation to significantly limit the use of cookies at any time.

▪ What are Cookies?

Cookies are small text files sent and stored on your computer, smartphone, or another device you use to access the internet every time you visit a website. Cookies are not viruses. They are not pieces of code. Therefore, they cannot replicate or spread across networks. Since they cannot perform these functions, they cannot in any way be classified as viruses.

Cookies are essential because they allow a website to recognize a user's device and tailor its content accordingly. For example, the website "remembers" your actions and preferences for a period, so you do not have to enter these preferences every time you visit our site. For more information about cookies, you can visit specialized websites such as: <https://cookies.insites.com/>

▪ What Cookies do we use?

Essential Cookies

These cookies are necessary for the website's services to function properly, and without them, usage would be impossible or extremely difficult. Therefore, they cannot be disabled. The essential cookies we use are:

ASP.NET_SessionId	The ASP.NET_SessionId cookie is used to maintain a user's session state in applications based on ASP.NET. It stores a unique identifier for each user session and allows the server to track session-related information, such as temporary data or settings. This is an absolutely essential cookie and usually expires when the user closes their browser (session cookie).
